1912 Talbot CT12 '4 Cylinder'

An interesting pre WW1 motor car that is capable of speeds in excess of 60mph! An ex-museum car that is owned & maintained by a local engineer/enthusiast and is in excellent condition. It comes with plenty of spares and more interestingly the registration J1910. £34,950.

1963 Series 1 Jaguar E Type 3.8

This car underwent a complete nut and bolt restoration by the Jaguar specialist Vicarage in the mid 1990's. It is in stunning condition with all the bolt on upgrades and additions; triple Webbers, up rated brakes, stainless wheels etc. Open to offers over £40,000.

1969 1750 Alfa Romeo "Boat tail" Spider

This elegant little car has been imported from South Africa and is rot free. It is LHD and has all EU taxes paid (ideal for that French house). Some work is required to it hence it is open to reasonable offers.

1965 & 1970 Mercedes " Pagoda" SL's

A real appreciating classic, the hard and soft top Pagoda. Extremely user friendly and desirable.
A choice of two; a 230 SL that has had an absolute fortune spent on it but needs minor finishing and detailing, and the later 280 SL which is in nice tidy usable condition. £17,950 ono (each).
