We are...

A team of dedicated craftsmen (average age of 45!) who have been restoring & maintaining vintage & classic vehicles on the Island of Jersey since 1990. We can undertake all aspects of vintage & classic vehicle restoration and upkeep.

Our restoration work has won awards at The Pebble Beach Concours D'Elegance in California and the Villa D'Este Concorso D'Eleganza in Italy, both world class events.

Sales & Brokerage

If you are looking for a classic car or classic motorcycle we have a wide selection of vehicles for sale, some rare, some exotic, and some quite ordinary. Careful research and investment at the higher end of the market can be financially rewarding, as well as a fulfilling hobby. With the current economic slump upon us and most usual investments bearing little fruit if any, vintage and classic cars are still increasing in value. An auction at the Retro Mobile show in Paris in February achieved record prices for some vehicles, so no sign of a slowdown here! Please view our new web site sales section for additional details.

Spare parts & Autojumble

Over the years we have accumulated hoards of Spares, mostly for British Marques, to include a large selection of BMC components. Please send an email to see if we may have what you require.
